With reference to above NIT, kindly note the following:

1. The following clarifications are being provided in response to queries raised by intending bidders. These shall be treated as part of the RFP/NIT document: -

SI	Query	NRL's Clarification
1	Kindly confirm whether the gable end columns are to be manufactured and supplied by the contractor or dismantled and reused from the existing/old shed as mentioned in the scope of work.	Old shed does not exist at site. Supply and erection of all materials are in the contractor's scope.
2	As per IS design standards, the approximate weight of the structure works out to be around 160 MT ($\pm 10\%$), whereas the SOR mentions a tentative quantity of 86 MT. Please clarify whether any extra claim/payment will be admissible for the actual/excess quantity executed.	Design will be considered as per IS standards. It is a Lumpsum Tender based on plinth area.
3	EOT Crane Specifications: Request you to kindly share the EOT crane specifications and capacity to be considered for structural design. We request you to kindly share the capacity and specifications of the EOT crane to be considered for structural design.	Kindly refer MOM in the corrigendum no. 2B. There is no provision for crane in warehouse, hence its not required.
4	Sheeting Specifications As per Scope of Work, Clause No. 1.2.4 (Page No. 21–22), the specifications for sheeting have been mentioned. However, as per the Tentative BOQ, the specifications for sheeting are different. We request your confirmation on which specifications are to be followed for the sheeting – those mentioned in the Scope of Work or those in the Tentative BOQ.	We confirm you to follow the specification of BOQ for Roofing sheet

2. The last date for submission of bids and date of opening have been extended: -
