Q.N.1 "Clean fuel switch with natural gas utilisation at captive power plant of NRL" under National Clean Development Mechanism Authority (NCDMA), Ministry of Environment, Forest and Climate Change, Govt. of India. The information provided by you will be strictly confidential and used exclusively for academic purpose.

Reply: Pertaining to Q-1469-RTI, NRL did pursue the project 'Fuel switch from Naphtha to Natural Gas ' as a CDM project upto 2009. Our company's voluntary participation in this sustainable development project, received Host country approval from Ministry of environment and Forest during March 2010. The Govt of India had ratified the Kyoto protocol in August 2002.

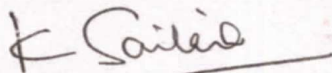

But post 2010, the project was no longer pursued further looking at the changes in the kyoto protocol mechnism. And thereafter in 2015 taken over by Paris climate agreement.

In case, you are not satisfied with the above reply, you may make an appeal to the First Appellate Authority within 30 days from the date of receipt of this letter as per provision at Section 19 of the RTI Act, 2005, whose details are as under.
