Q.N.3 Once orders are placed by customers, how are they processed and fulfilled? Is this done on a first-come, first-served basis, or is there another method (e.g. random selection) used for order fulfillment? If so, how can I verify this, and whom should I contact if prioritizing or any favour is given to specific company? Is there any transparency way of knowing that no specific company is prioritized during this process?

Reply: All commercial process is carried out on the basis of tender terms and conditions of the contract. NRL maintains full transparency in its tender terms and conditions.
